Reviewer's report

**Title:** The association of ADHD symptoms to self-harm behaviours: A systematic PRISMA review

**Version:** 1  
**Date:** 28 December 2013

**Reviewer:** Anthony James

**Reviewer's report:**

Major compulsory revision with regard to an improved discussion with emphasis on age and sex effects, and reference to other reviews. Also there needs to be a revised written text with less emphasis upon on listing of papers.

**Level of interest:** An article whose findings are important to those with closely related research interests

**Quality of written English:** Needs some language corrections before being published

**Statistical review:** No, the manuscript does not need to be seen by a statistician.
