Reviewer's report

Title: Adult Attention-Deficit/Hyperactivity Disorder and nicotine use: a qualitative study of patient perceptions.

Version: 2 Date: 4 February 2014

Reviewer: Geurt van de Glind

Reviewer's report:

The manuscript is now an interesting study that adds to the scientific literature with a rarely seen method (qualitative research) in this area of research (link between ADHD and SUD).

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.
