Reviewer’s report

Title: The effectiveness of Assertive Community Treatment for elderly patients with severe mental illness: a randomized controlled trial

Version: 2  Date: 30 October 2013

Reviewer: Nancy Covell

Reviewer’s report:

While the sample size in the report is small, and the groups experienced differential drop out, the authors describe the possible implications of these limitations in the discussion. I have no additional edits to suggest.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
