Reviewer's report

Title: The effectiveness of Assertive Community Treatment for elderly patients with severe mental illness: a randomized controlled trial

Version: 5  Date: 10 February 2014

Reviewer: Carol Harvey

Reviewer's report:

I am satisfied with the revisions made by the authors and suggest no further revisions. There are two typographical errors within the revised manuscript which I have highlighted within the manuscript and will upload.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
