Reviewer's report

Title: A pooled analysis of injection site-related adverse events in patients with schizophrenia treated with olanzapine long-acting injection

Version: 2 Date: 2 December 2013

Reviewer: Jacob Ballon

Reviewer's report:

The authors have sufficiently responded to my concerns brought up in the first submitted version.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

i receive research funding from Novartis and am involved in a NIMH study related to long-acting injectables (but not olanzapine.)
