Reviewer's report

Title: Prevalence of dementia and Alzheimer's disease in elders of nursing homes and a senior center of Durango City, Mexico.

Version: 2 Date: 3 February 2004

Reviewer: Peter Rabins

Reviewer's report:

I recommend publishing both groups, the nursing home group and the senior center group. The authors make it clear in the discussion that they are quite different.

My one suggestion is for the authors to state in the abstract that the prevalence of dementia that they found in the residents of nursing homes is much lower than reported from more industrialized countries.
