Reviewer's report

Title: Prevention of coronary heart disease in people with severe mental illnesses: A qualitative study of patient and professionals' preferences for care

Version: 2 Date: 22 March 2006

Reviewer: Donna Fitzsimons

Reviewer's report:

General
This is a much improved paper. All feedback has been addressed adequately

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No
