Reviewer's report

Title: Urbanization and traffic related exposures as risk factors for Schizophrenia

Version: 2 Date: 4 October 2005

Reviewer: Eadbhard O'Callaghan

Reviewer's report:

General
Comments on revision

The authors have markedly improved this manuscript through dealing with the points raised as well as rewriting some of more complex sentences. I think it is an important paper in the field of the epidemiology of schizophrenia and should be published.

What next?: Accept without revision

Level of interest: An article of outstanding merit and interest in its field

Quality of written English: Acceptable

Statistical review: No
