Reviewer’s report

Title: Cost of Antipsychotic Polypharmacy in the Treatment of Schizophrenia

Version: 1 Date: 28 November 2007

Reviewer: Maribel Salas

Reviewer’s report:

The manuscript has improved considerably.
Since the lack of inclusion of clozapine might be considered a limitation of your study, I would strongly recommend to include your comment A1 in the discussion section. The rest of my questions have been answered, and they have been incorporated in their respective sections.

What next?: Accept after minor essential revisions

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
