Reviewer's report

Title: The quality of life of patients with genital warts: a qualitative study

Version: 1 Date: 6 November 2009

Reviewer: Iva Dediol

Reviewer's report:

Discretionary Revisions:
Perhaps larger sample of patients would be more advisable, but the authors explained why they used only 10 patients in their study.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
I declare that I have no competing interests.
