Reviewer's report

Title: Current use of smokeless tobacco among adolescents in the Republic of Congo

Version: 2 Date: 2 December 2009

Reviewer: Hans Gilljam

Reviewer's report:

The language needs minor revision here and there but that is all. I see no further major revision necessary. The paper adds to our knowledge about an African country where tobacco control is not working.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
