Reviewer's report

Title: TECNOB: study design of a randomized controlled trial of a multidisciplinary telecare intervention for obese patients with type-2 diabetes.

Version: 1 Date: 18 February 2010

Reviewer: Andrew R Willan

Reviewer's report:

Minor Essential Revisions
In the sample size section the authors should state and justify the sidedness of the test of hypothesis for the primary outcome.
In the analysis section they should state the sidedness and level of the test of hypotheses for all the secondary outcomes.
They also need to address the issue of multiple comparisons with regard to the secondary outcomes.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.
