Reviewer's report

**Title:** Who will increase their physical activity? Predictors of change in objectively measured physical activity over 12 months in the ProActive cohort

**Version:** 2  **Date:** 27 January 2010

**Reviewer:** Deborah Weiss

**Reviewer's report:**

Second review:

Manuscript title: Who will increase their physical activity? An examination of the predictors of change in objectively measured physical activity over 12 months in the ProActive cohort

Authors: Rebecca K. Simmons, Esther M.F. van Sluijs, Wendy Hardeman, Stephen Sutton, Simon J. Griffin, on behalf of the ProActive project team

General comments: The authors have addressed or responded to all of my comments. In my opinion, the manuscript is improved, and the analysis has been clarified. I have no further comments on this manuscript.

**Level of interest:** An article whose findings are important to those with closely related research interests

**Quality of written English:** Acceptable

**Statistical review:** No, the manuscript does not need to be seen by a statistician.

**Declaration of competing interests:**

I declare that I have no competing interests
