Reviewer’s report

Title: Shamba Maisha: A Pilot Study Assessing Impacts of a Micro-Irrigation Intervention on the Health and Economic Wellbeing of HIV Patients

Version: 3 Date: 18 April 2010

Reviewer: Pamella Opiyo

Reviewer’s report:

The question posed by the authors is well defined and method used well defined. The title and abstract accurately convey what has been found and the writing is acceptable.

Exploration into the household dynamics in terms of usage of the resources obtained especially for those with spouses would have been interesting. Perhaps this could be a recommendation for another study.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
