Title: Association between Physical Activity and Cardiovascular Risk in Hong Kong Chinese Children and Adolescents

Version: 2 Date: 1 May 2010

Reviewer: Geir K. Resaland

Reviewer’s report:

In my opinion the revised paper (Association between Physical Activity and Cardiovascular Risk in Hong Kong Chinese Children and Adolescents) is now acceptable for publication in BMC Public Health.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.
