Reviewer's report

**Title:** Varicella susceptibility and transmission dynamics in Slovenia

**Version:** 1  **Date:** 16 March 2010

**Reviewer:** Piero Manfredi

**Reviewer's report:**

The paper is correct. However, I have indicated in my report many points that are of help in order to improve the exposition, especially of the technical part reported in the Supplementary text.

**Level of interest:** An article whose findings are important to those with closely related research interests

**Quality of written English:** Needs some language corrections before being published

**Statistical review:** No, the manuscript does not need to be seen by a statistician.
