Reviewer's report

Title: Do adverse childhood experiences increase the risk of postdeployment posttraumatic stress disorder in US Marines?

Version: 2 Date: 10 May 2010

Reviewer: Amy Caia Iversen

Reviewer's report:

Many apologies for the delay.
I have been carefully through the author's response to my points and I am satisfied that they have provided suitable replies and amendments as necessary.

I have no major compulsory revisions to suggest.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I receive 60% salary funding from the UK Department of Defence and I currently hold a grant from the US Department of Defense which supports a research program into military families. I declare that I have no other competing interests.
