Reviewer's report

Title: The association between farming activities, precipitation, and the risk of acute gastrointestinal illness in rural municipalities of Quebec, Canada: a cross-sectional study

Version: 2 Date: 15 December 2009

Reviewer: Michael Bisesi

Reviewer's report:

The authors, in my opinion, have adequately addressed the reviewers' comments and recommendations.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.

Declaration of competing interests:
