Reviewer's report

Title: The association between farming activities, precipitation, and the risk of acute gastrointestinal illness in rural municipalities of Quebec, Canada: a cross-sectional study

Version: 2 Date: 16 December 2009

Reviewer: Song Liang

Reviewer's report:

Overall the authors appropriately addressed issues raised by the reviewer.

Discretionary Revisions
Languages in certain places remain ambiguous. The readability of the manuscript would be increased if the authors choose to pay extra attention reworking them in a simpler and clearer way.

Level of interest: An article of limited interest

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.
