Reviewer’s report

Title: Prevalence and barriers to HIV testing among mothers at a tertiary care hospital in Phnom Penh, Cambodia

Version: 2 Date: 3 February 2010

Reviewer: Anna Coutsoudis

Reviewer’s report:

I am happy with the editing corrections that the authors have made however it would be useful for the manuscript to be edited by an english language editor for final editing.

Level of interest: An article of limited interest

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare I have no competing interests.
