Reviewer’s report

**Title:** Determinants of the number of antenatal visits in a metropolitan region

**Version:** 1  **Date:** 6 May 2010

**Reviewer:** Franz Majoko

**Reviewer’s report:**

No major revisions needed.

Minor essential revisions: None

Discretionary revisions:

Results.

Characteristics of the study sample (first paragraph)

Repetition between table 1 and text could be reduced.

Determinants of number of antenatal visits (first paragraph. Second sentence could be made clearer; the characteristics listed include those associated with increased and as well as decreased number of visits.

**Level of interest:** An article of importance in its field

**Quality of written English:** Acceptable

**Statistical review:** Yes, but I do not feel adequately qualified to assess the statistics.

**Declaration of competing interests:**
