Reviewer’s report

Title: Internet and game behaviour at a secondary school and a newly developed health promotion programme: a prospective study

Version: 3 Date: 19 July 2010

Reviewer: Artemis Tsitsika

Reviewer’s report:

- Major Compulsory Revisions
All major compulsory revisions were addressed. However, the cut-off for the CGUS preserved should be duly addressed in the interpretation and generalizability of the results presented (page 6, paragraphs 4 and 5).

- Minor Essential Revisions
Minor essential revisions were addressed in the statistical analyses and discussion sections. The generalizability of the study findings, based on the measurement tools and cut-offs applied regarding gaming behavior, should be addressed in the limitations of the study.

- Discretionary Revisions
Not applicable

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.

Declaration of competing interests:

I declare that I have no competing interests.
