Reviewer's report

**Title:** Internet-based surveillance of Influenza-like-illness in the UK during the 2009 H1N1 influenza pandemic

**Version:** 5 **Date:** 20 October 2010

**Reviewer:** Jouke van der Zee

**Reviewer's report:**

I surrender! The authors mitigated their conclusions considerably. I do and did not intend to block the paper. So hopefully it will contribute to the debate about flu surveillance.

**Level of interest:** An article whose findings are important to those with closely related research interests

**Quality of written English:** Acceptable

**Statistical review:** Yes, but I do not feel adequately qualified to assess the statistics.
