Reviewer's report

**Title:** Geographical variation in cardiovascular incidence: results from the British Women's Heart and Health Study

**Version:** 1 **Date:** 28 July 2010

**Reviewer:** Christina Chrysohoou

**Reviewer's report:**

This is very interesting study illustrating geographical variations in cardiovascular disease incidence and mortality. The study is well conducted and presented. I have checked the statistics, but I still believe that a more expert in this field should evaluate the section.

**Level of interest:** An article of outstanding merit and interest in its field

**Quality of written English:** Acceptable

**Statistical review:** Yes, but I do not feel adequately qualified to assess the statistics.

**Declaration of competing interests:**
