Title: Socio-cultural determinants of adiposity and physical activity in preschool children: a cross-sectional study

Version: 2 Date: 26 October 2010

Reviewer: Stuart Biddle

Reviewer’s report:

The authors have done a good job in revising an interesting paper. They have adequately addressed the issue of explaining possible reasons for differences between cultural groups.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.
