Reviewer’s report

Title: The role of social support and social networks in smoking behavior among middle and older aged people in rural area of South Korea: A cross-sectional study

Version: 5 Date: 11 December 2009

Reviewer: Matthew Meyers

Reviewer’s report:

Note: This is a response to the changes made after my initial review.

Thank you for returning the updated manuscript to me. I feel that you have addressed all of the concerns I had appropriately and effectively, and believe that it is a very well organized manuscript. No additional comments on the content.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
