Reviewer’s report

Title: Systematic review of mass media interventions designed to improve public recognition of stroke symptoms, emergency response and early treatment

Version: 2 Date: 28 November 2010

Reviewer: Olajide Williams

Reviewer's report:

The authors have addressed my initial concerns and performed a more thorough methodological review of existing literature.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.

Declaration of competing interests:

I am a PI of an NIH funded study on public stroke education
