Reviewer's report

**Title:** Polyunsaturated fatty acid intake and prevalence of eczema and rhinoconjunctivitis in Japanese children: The Ryukyu Child Health Study

**Version:** 3 **Date:** 13 May 2011

**Reviewer:** Fariba Koohdani

**Reviewer's report:**

It is suggested to mention the reference of the added passage about different mechanisms might be involved in the manifestation of eczema and rhinoconjunctivitis (page 14 lines 1-3 in the revised manuscript).

**Level of interest:** An article whose findings are important to those with closely related research interests

**Quality of written English:** Acceptable

**Statistical review:** No, the manuscript does not need to be seen by a statistician.

**Declaration of competing interests:**

I declare that I have no competing interests.
