Reviewer's report

Title: Community-based intervention to promote breast cancer awareness and screening: The Korean experience

Version: 5 Date: 7 March 2011

Reviewer: Maggi Banning

Reviewer's report:

This is an interesting paper. It is well developed and planned. The paper provides interesting insights into the views of Asian women in relation to breast cancer and mammography. There is good analysis of the key findings, conclusions are reasonable.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
