**Title:** Violence witnessing, perpetrating and victimization in Medellin, Colombia. A random population survey

**Version:** 2  **Date:** 30 April 2011

**Reviewer:** Andres Villaveces

**Reviewer's report:**

Thank you for making most of the changes I suggested. Table 1 still has a mistake in that it states IC95% instead of 95% CI. Also you mentioned a native English speaker reviewed a couple of my suggestions. In your note you state that it was suggested you make the modifications yet they were not made. I'm not sure what happened or whether you meant you were not making them. please clarify this. Otherwise I am satisfied with all other changes.
