Reviewer's report

Title: Substance use and its predictors among undergraduate medical students of Addis Ababa University in Ethiopia

Version: 2 Date: 7 July 2011

Reviewer: Victor Mwanakasale

Reviewer's report:

Discretionary Revisions.
The authors have addressed most of the comments I raised. They could have ended their manuscript with a subheading of "Recommendations" even though they have made some recommendations under "Conclusion". The manuscript can now be accepted for publication.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
