Reviewer's report

Title: Factors Associated with Default from Treatment among Tuberculosis Patients in Nairobi Province, Kenya: A Case Control Study

Version: 6 Date: 18 July 2011

Reviewer: Epco Hasker

Reviewer's report:

The manuscript has further improved. The discussion could have been more to the point, focussing more on those key obstacles to treatment completion that can be addressed.

The text still needs some editing before being published.

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.
