Reviewer's report

Title: High prevalence of vitamin D insufficiency and its association with obesity and metabolic syndrome among Malay adults in Kuala Lumpur, Malaysia

Version: 2 Date: 13 July 2011

Reviewer: Jeffery Anderson

Reviewer's report:

The revised MS satisfactorily addresses my questions/suggestions from the original review, and the MS quality is significantly improved. I have no other suggestions. A few minor English problems can be addressed through proof-reading by the editorial office.

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
