Reviewer’s report

Title: Heterosexual Anal Intercourse and HIV Infection Risks in the Context of Alcohol Serving Venues, Cape Town, South Africa

Version: 2 Date: 3 September 2011

Reviewer: Grace Reynolds

Reviewer’s report:

My revisions were discretionary only and I feel the authors have addressed them. I also reviewed the other reviewer’s comments and the authors’ response to them. There is always room for some disagreement in approaches and I feel that the authors’ have been responsive to all comments. They have explained their logic for those items they did not revise.
