Title: Temporal changes in the prevalence of childhood asthma and allergies in urban and rural areas of Cyprus: results from two cross sectional studies

Version: 2 Date: 29 September 2011

Reviewer: Michael Anthracopoulos

Reviewer's report:

I am satisfied that the authors have answered to all the issues raised by the reviewers (please refere to the initial review by this reviewer) and therefore the manuscript -an article of importance in its field- can now be accepted without revision for publication to your Journal.

As per my previous statement, I declare that I have no competing interests.
