This paper is much improved and now acceptable.
i only have one comment
You should pay more attention to the reviewers comments.
your added reference (number 15) is not the one the other reviewer referred to .
It was
The inverse care law states that the availability of good medical care tends to vary inversely with the need for it in the population served, but there is little research on how the inverse care law actually operates.
This may have given you a bit more to talk about .

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.
