Reviewer's report

Title: Cervical cancer screening by visual inspection in Cote d'Ivoire, operational and clinical aspects according to HIV status

Version: 2 Date: 12 February 2012

Reviewer: Lynette Denny

Reviewer's report:

I have read the author's response to my and the second reviewer's comments and believe that the manuscript is now ready for publication and that our collective concerns have been addressed.

Level of interest: An article whose findings are important to those with closely related research interests.

Quality of written English: Acceptable.

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I have received honoraria for appearing on various speaker fora for Merck and Glaxosmithkline and have performed research sponsored by both organisations.
