Reviewer's report

Title: Duration and compliance with antidepressant treatment in immigrant and native-born populations in Spain: a four year follow-up descriptive study.

Version: 4 Date: 19 March 2012

Reviewer: Sara Garfield

Reviewer's report:

The authors have clarified most of the points raised. However, two points need further clarification:

1) On page 8, percentage of medication acquired, the 2nd analysis is still confusing. Who are the single-fillers (1 package in 1 month = 100%)? If they are one month drop outs why is adherence lower when they are excluded?

2) What is the follow-up period?

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.
