Reviewer's report

Title: An investigation of factors associated with the health and well-being of HIV-infected or HIV-affected older people in rural South Africa

Version: 1 Date: 10 November 2011

Reviewer: Sebastiana Kalula

Reviewer's report:

Minor Essential Revisions: The paper will read better with some line editing

Major compulsory Revisions are all indicated on the attached comments

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.
