Reviewer’s report

Title: Lessons drawn from research utilization in the maternal iodine supplementation policy development in Thailand.

Version: 4 Date: 13 May 2012

Reviewer: Nyokabi Musila

Reviewer’s report:

The authors have greatly improved on the reporting of their engagement with policymakers. I look to the editors for the final decision, however, I think given the extensive implemented changes following feedback from reviewers on two separate occasions, this paper is now fit for publication.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
