Reviewer's report

Title: Cardiovascular diseases and Type 2 Diabetes in Bangladesh: A systematic review and meta-analysis of studies between 1995 and 2010.

Version: 2 Date: 28 April 2012

Reviewer: Itamar Santos

Reviewer's report:

The authors have addressed previous comments adequately, and adopted statistical analysis allows better understanding of data. The authors also rightfully stated that between-studies heterogeneity in this review is a limitation.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests
