Reviewer's report

Title: The Limitations of Voluntary Medical Male Circumcision and the Importance of Sustained Condom Use: A Kenyan Newspaper Analysis

Version: 3 Date: 11 May 2012

Reviewer: Oluwemimo Jayeoba

Reviewer's report:

Dear authors,

Thank you again for this interesting article and for addressing each of the previous concerns appropriately. However, I have a few comments which are basically minor essential revisions.

Limitations:
There is a need for a comma sign between "September 2011" and "Kenya" and I think you should add a reference to support the statement.

Figure 1:
The labels for the articles in figure 1 needs better description on the actual graph because a label such as "living" is ambiguous.

Thank you.
Oluwemimo Jayeoba.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
