Title: Evaluation of work disability and the International Classification of Functioning, Disability and Health: What to expect and what not

Version: 5 Date: 4 June 2012

Reviewer: Hans Magnus Solli

Reviewer's report:

The authors have revised the manuscript according to the earlier remarks by the reviewers. I have read it through and I have no more comments. The article is a valuable discussion paper. It can also inspire researchers to formulate interesting research questions.

On p. 11, 7th line from above, there is a spelling error: "Although it is not"... a t is lacking in the last word.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
