Reviewer's report:

Minor Essential Revisions:
In Table 6, it is not necessary to list the unstandardized regression coefficients of step 1 and step 2. But in the final step (step 3), it is necessary to list standardized regression coefficients after unstandardized regression coefficients because effect of every independent variable can be indicated by its standardized regression coefficient.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable
