Reviewer's report

Title: Sexual behaviour and risk factors for the acquisition of human papillomavirus infections in young people in Italy: suggestions for future vaccination policies

Version: 4 Date: 24 May 2012

Reviewer: Àngela Domínguez

Reviewer's report:

I appreciate the work of the authors in responding the comments of the reviewers. This revised version of the manuscript entitled “Sexual behaviour and risk factors for the acquisition of human papillomavirus infections in young people in Italy: suggestions for future vaccination policies” includes all Minors essential revisions and Discretionary revisions that I proposed. Therefore, in my opinion the revised manuscript can be published.

Level of interest: An article of outstanding merit and interest in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
