Reviewer’s report

Title: Perspectives of pupils, parents, and teachers on mental health problems among Vietnamese secondary school pupils

Version: 4 Date: 10 October 2013

Reviewer: Marit By Rise

Reviewer’s report:

The authors have replied comprehensively and thoroughly to my concerns and comments.

One small detail puzzles me, though; On top of page 7 in the manuscript the sentence is "... informed the ethical analysis, suggested new issues...." Is "ethical" really the right word here? Please double check.

Besides this detail, I am happy to recommend to accept this manuscript for publication.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
