Version: 1 Date: 8 August 2013

Reviewer’s report:

Major Compulsory Revisions

The article is a good article but should be better conceptualized. It might benefit from the reading of Political and Economic Determinants of Population Health and Wellbeing, edited by Vicente Navarro and Carles Muntaner. It should not be difficult to do so. Otherwise it has a great potential.

Level of interest: An exceptional article

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
