Title: A Transtheoretical Model (TTM) based questionnaire for smoking cessation for adults: psychometric properties of the Iranian version

Version: 1 Date: 19 October 2013

Reviewer: Abdurrahman charkazi

Reviewer's report:

more details need to the characteristics of the translators and expert panels members. Are the translators bilingual? their specialty? Why they recruited the people in preparation stage?

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.
