Reviewer's report

Title: Home-based chlamydia and gonorrhoea screening: a systematic review of strategies and outcomes

Version: 1 Date: 20 November 2012

Reviewer: Lynne Martin

Reviewer's report:

Minor essential revisions:
1. I enjoyed the article as it relates directly to my work.
2. There were a number of grammatical errors that I have corrected via tracked changes in a word document.
3. Some aspects are unclear and require rewriting.
4. Have attached a tracked changes version of the manuscript.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
