Reviewer's report

Title: Prevalence of intestinal parasitic infections and risk factors among schoolchildren in the University of Gondar community school, Northwest Ethiopia: a cross-sectional study

Version: 5 Date: 15 January 2013

Reviewer: Yvonne Ai Lian Lim

Reviewer's report:

Firstly, I would like to congratulate the authors for their effort in improving this article. The improvements are visible and appreciated.

Some comments:

Major compulsory revision
1. Did the authors attempt to do a multivariate analysis as well? Were the results non-significant?

Minor essential revisions
2. On page 4, last paragraph, change "foots" to "feet".
3. On page 8, paragraph 2, change "likely hood" to "likelihood".

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.
